Publication
Debate
Learnings from a 360° survey

Arrangements
Reflect SD governance
High profile, full access

Prep
Scope, informed debate

Process
Multistakeholder
Reasoning

Roles
- Owner (Chancellor)
- Chair
- Facilitator (RNE)
- Landing in policy cycle

Drafting and after closure performance
• Lessons learnt:
  – Scalability is possible
  – Inclusion reduces costs
  – Communication between peers and facilitator is key
  – Policy circle allows for different options

• Benefits:
  – Bridging, advancing, credibility

• Limitations:
  – Time, availability of peers, capacity of facilitator
  – Culture, benchmarking

• Who are my Peers?
