

Human Rights & Forced Migration

ESDN Youth Network Meeting

Berlin 1.9. – 2.9.2022

Main Points of Discussion

- climate justice
- common but differentiated responsibilities
- impact on basic rights
- no state should be left behind

Legal Recognition

- define the term and achieve consensus
- respect the dignity of climate refugees
- protect human rights

Prevention & Adaptation

- **Climate mitigation** is essential. Global warming is the main cause for forced climate migration
- More **funding** for climate mitigation and adaptation
- More **research & expertise**

Responsibility

- the biggest emitters must understand their **impact** and **responsibility**
- the issue should be discussed and addressed effectively at the EU level and within ESDN
- not only from security perspective but also from the point of view of **climate justice**
- the EU countries must implement **migration policies** that takes into account the growing number of climate refugees
- provide support to countries and areas that will form **hot spots**
- the role of the **media**
